Epping Well & Pump is a leader in providing quality service for a wide range of water needs including pump replacement, system repair, water treatment, irrigation, and accredited water testing. We foster a positive, team oriented work environment in which employees are professionally empowered and in turn, rewarded for their efforts and performance. We work together in a cooperative effort to achieve an ambitious set of company goals. We are always looking for smart, hard-working, team players with a drive to excel and a commitment to providing great service. We are looking for applicants for the following position:

***Laborer***

*Epping Well and Pump is seeking laborers to fulfill the duties of aiding Pump Mechanics on a wide range of water services including pump replacement, system repair, water treatment, irrigation installation and maintenance. Come join a well trained staff, and learn a new trade. Candidate must have a positive attitude and be able to work in a fast paced environment and have an understanding for the urgency of work being performed. A valid driver's license is required. This job requires physical abilities such as trunk strength, manual dexterity, and wrist-finger movement in order to perform the essential functions of the position. Working conditions include areas where movement is restricted, dirty environment, and lifting or carrying heavy objects. In addition, this position may be required to come into work on weekends, holidays, and in emergency situations (i.e., may be subject to "on-call" responsibilities). Candidate must present a positive attitude toward co-workers, clients, vendors, and home owners. Experience with plumbing and electrical work, irrigation system installations and service, water treatment and working on residential and commercial pump systems a bonus. This is a full time position and must be able to work 40+ hours a week.*
